## *Another week of soft rain*

The number of players went up and braved another day of rain or wet fairways. This is good since all players are getting their game in order for the first round of Match Play June 4<sup>th</sup>.

Our group joined in on that older course-Dunham Hills. We welcome back into Michigan Armando Santos. Nice to have you back Armando and according to what I am seeing, you knocked off a number of strokes playing down in the sun all winter. Get ready for the challenging course we play.

A number of our new players have joined in this week and we have another new one in our group-Dave Kauppila. Dave routinely plays out of Twin Lakes Golf Club along with Ed, Don, and Jim. Dave joins us on recommendation of Ed Phillips. Good job Ed... We welcome you to our group of Wednesday golfers.

Just a thought to our members out there---I see from our roster, we have four players out of Twin Lakes---hmmm, that means on the 28<sup>th</sup> we are out at the “home course”---I think we have one each in a foursome, just to give those three a little local knowledge---what say you all?

I can't give you any special shots or special scores for this week. I did not appoint a cub reporter so I am just going by what the scores looked like. Let us just jump right into it:

## MATCH PLAY NEWS

Our 2014 President’s Medallion Match Play will start on Wednesday June 4<sup>th</sup>. The first round is at Boulder Pointe following the second round on June 11<sup>th</sup> at Cherry Creek. On the evening of June 1- HHS WYNN MILLER will be setting the brackets with Rod Cooper looking over his shoulder. ON June 2<sup>nd</sup>, I will post the brackets. We were going to have this broadcasted on ESPN but our President Moore could not negotiate contract. Maybe next year. Wynn will be using handicaps posted on June 1. Any dispute you can take it up with him.

We have 32 members that will be participating in this our 5<sup>th</sup> match play championship. We have lost one of our past winners, Chuck Senkyr, due to severe back problems. We will miss that competitive spirit of yours CHUCK. If you wish to come by around the time we are finishing, please do so---the soda is on the club.

## WAGERING DURING MATCHPLAY

- We will not be offering the wagering pool for the first round of match play. This includes the three putt donations. HOWEVER, if we have 16 or more players who want to get into the wagering pool, then it will be open to those who wish to participate. Remember, if you do participate in the wagering pool, then you must complete the hole and complete all putts. In match play, you can forfeit a hole and move on if need be. This wagering policy will hold throughout match play for all those that are left in matches.

## Medal Play Scores during Match Play

- Generally, match play is scored as winning the hole or not. Match Play is a part of our clubs Major Tournaments. There are extra points awarded toward “THE JUG” for Match Play. We do need to have a medal play score for the day. The score can be your gross score and it will be handicapped down to get the low net of the day and so forth. If you do not finish a hole just leave it blank and by USGA we know what to put into that box.

## Posting Match Play Scores

- Here is the other reason we need medal play scores. According to GAM, HHS Miller is to post all match play scores and those scores are to be medal play scores. Let’s make certain that we have those scores set. The scorecards will be marked for all competition.

If it sounds a bit confusing, it isn’t. The best I can tell you is—just play golf, mark your scores and between Wynn Miller, Bill Siegert and myself, we can figure it out. Good Luck.

THE FIRST ROUND WILL BE HELD AT BOULDER POINTE, AND WHICH TWO 9’S IS NOT KNOWN AT THIS TIME----

See you all at Boulder Pointe on May 21<sup>st</sup> –consider this a round to shape up for the opening match play.

See you there---Rod Cooper
